In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day: Two oz. of Tea; 8 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs navy bread; 1 lb. wheat flour; 2 lbs rice. Children under twelve years of age (not including infants) are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

Packet Ships which are dispatched in this LINE:

STAR OF EMPIRE,	Capt. BROWN,
WESTERN STAR,	" THAYER,
FRANK PIERCE,	" MARCY,
CHARIOT OF FAME,	" KNOWLES,

These Ships, when in the Line, sail from Boston as per special advertisement and from Liverpool each week during the year, and are distinguished by a Red Flag with a White Diamond.

OFFICES: Enoch Train & Co., Nos. 37 and 38 Lewis Wharf, Boston, Massachusetts. Train & Co., Merchants, No. 5 India Buildings, Water St., Liverpool, Eng. Train & Co., Passage Office, Nos. 118 & 119, Waterloo Road, Liverpool, Eng. Train & Co., No. 121 St. Patrick Street, Cork, Ireland.

As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY.) Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

(Signed) † JOHN B. FITZPATRICK, Bishop of Boston."

This is the only Packet conveyance between Boston and Liverpool, and offers superior facilities for passengers returning home.

These Ships lie at the Liverpool Packet Pier, Constitution Wharf, Boston, when in port, and persons sending for their friends, can go on board and examine their accommodations.

People's Mass State Convention.
AT MADISON, THURSDAY, JULY 13.

☞ ALL MEN opposed to the Repeal of the Missouri Compromise, the Extension of Slavery, and the Rule of the Slave Power, are invited to meet at *Madison, Thursday, July 13*, to take such measures as may be deemed necessary to prevent the future encroachments of the Slave Power, to repeal all Compromises in favor of Slavery, and to establish the principle of Freedom as the rule of the State and National Governments. The time has come for the union of all Free Men for the sake of Freedom. There is but one alternative. We must *unite* and be *free*, or *divide* and be *enslaved* by the praetorian bands of the Slaveholders and their Nebraska allies. MANY CITIZENS.

June 9th, 1854.

☞ Papers throughout the State, friendly to the object of the above Call, please copy.

From our New York Correspondent.

NEW YORK, June 15.

We have the *Arabia's* news to-day, three days later than the *Pacific*; but after all, the news is little other than since the beginning of the *quasi* war, which, with all the crushing expense of active and vigorous hostilities, seems to be the merest *dilletanti* parade of fleets and armies, for show and not for service, that has ever been witnessed. Except the pop-gun bombardment of Odessa—in all its features a very tuppenny operation—nothing has even been attempted with a view to demonstrate the power of two great nations and the efficacy of armaments, about the completeness of which such loud boasts have been made. No nation, and least of all a nation of the first rank, should make "a little war"—yet here we have the two foremost nations of Europe playing at war—at most enormous cost to their own people and very little to the injury of their enemy, or the benefit of their ally. What is to be the issue of all this, seems more and more difficult to foresee. One result, in which, as likely more or less immediately to affect us, we have an interest, becomes, I think, more and more certain, and that is, that the enormous expenditure of England to keep up her fleets and armies abroad cannot be met without resort to new loans; and the throwing upon the money market of such new loans would absorb large amounts of loose capital now available at any pinch for general uses; and consequently a scarcity in that market, of which—so close and constant is the intercourse between the two countries—we should feel the rebound. A feeling of this sort already prevails here to a considerable extent, and manifests itself by a general unwillingness to undertake new enterprises of which the success is in any wise contingent upon continued ease and prosperity. Even builders and projectors, in this city of high rents and constantly accumulating population, pause in their onward progress, and fewer contracts, probably, for new buildings have been made within the last two months than in any preceding corresponding period for some years. Nor is it altogether to fear of the effect of foreign war that this partial check is to be ascribed. Confidence in the President for any good and wise and generous purpose is wanting everywhere—out of the Custom House and other great Government cribs—and the general mind seems to have a foreboding of some impending evil—whether in the shape of war with Spain, or some other disturbing cause. The heart of the Free States, moreover, is stirred beyond anything that this generation has before witnessed, on the subject of Slavery and of the shameless perversion of our Free Institutions to fostering and extending Slavery. If, as is reported to-day from Washington, Mr. Slidell shall venture any measure looking to the re-opening of the African slave trade, and this servile Congress shall favor such a measure, the patience of the Free States may give out, and we may see—what I did suppose never could happen—open resistance by States to such an atrocious abuse of trust by Congress and the President.

But I will not anticipate the possibility that even this packed and hireling Congress dare so to outrage law, humanity and right, as to legalize anew the accursed traffic in Slaves from Africa—but the Slavery agitation is in every heart, here and hereabouts, and will not be stilled, I hope, till it be established beyond the reach of any future Douglas or Pierces, that this is a Government and ours are Institutions established for Freedom and Freemen, and not for Slavery and Slave owners; and that in the spirit in which it was established it will be maintained, by all the treasure and all the blood, if so it must be, of the Free States. *Foreign War* and *Domestic Slavery* are the black clouds that overhang our horizon—may the Hand which thus far has sustained us still be outstretched to guide and to save—but let us not call upon Heaven, without first resolving that to the utmost we will help ourselves.

The "Know-Nothing" News.

The *News* quite approves of the proviso in the Nebraska bill, which, according to the construction of its Democratic yoke-fellow, the N. Y. *Evening Post*, excludes aliens from the right to vote, or to hold office in the new Territories, after the first election. But it seeks to offset this "love-tap" of a Democratic Congress, by insisting that the Whigs of Wisconsin, at some remote day, were opposed to allowing aliens to vote here. The Whigs of Wisconsin voted in a body for the present Constitution of this State, which *guarantees* to all citizens and all foreigners who have declared their intention to become citizens, the right to vote and to hold office here. This fact is a sufficient answer to the rigmarole of the *News*. But we do not perceive how the alleged theoretical opposition of a few whigs in Wisconsin to the extension of such rights to persons of foreign birth can excuse this practical demonstration of hostility on the part of a Democratic Congress. It was neither just, nor grateful in them to turn their backs upon the class of voters to whom they owed their election, and to kick down the ladder by which they had climbed to power.

The *News*, in the same connection, affects much concern of mind at the growth of the "Know Nothings." This seeming solicitude will not impose upon the public. It is well understood that the *News* is the favorite "Know-Nothing" organ. The more there are of that enlightened party, the greater must be the number of the readers and appreciators of the *Morning News*.

New Hampshire Senators.

It would seem the Legislature of New Hampshire is not very prompt to acquiesce in the election of Nebraska Senators. On the 16th two ballots were had in the House, as follows:

First ballot—whole number of votes, 308; necessary for a choice, 155. John S. Wells, Democrat, had 147; Joel Eastman, Whig, 87; Mason W. Tappan, Free Soil, 52; George W. Morrison, 18; two Democrats absent—no choice.

Second ballot—Wells had 148; Eastman, 89; Tappan, 43; Morrison, 24; Daniel Clark, 2; Charles I. Woodbury, 1; Ichabod Goodwin, 1—no choice.

An attempt was then made to proceed to the election of Senator for the long term, but the Speaker ruled it out of order. An indefinite postponement was then moved, but met with general objection, and finally the whole matter was postponed till Wednesday next.

The Anti-Nebraska resolutions were then discussed. A motion to lay them on the table was lost by the same majority that Wells lacked of an election, and they were then postponed till Saturday of this week.

THE TELEGRAPH.—The Telegraph between this city and Chicago seems to be in wretched order, or wretchedly managed. For two or three weeks past, the communication has been almost constantly interrupted. We advise the Superintendent of the line to give this division a *thorough* overhauling.

EDITORIAL CORRESPONDENCE.

FOND DU LAC, June 16, '54.

The *Traveller* brought from Milwaukee at an early hour last evening quite a number of passengers, including several of our acquaintances who are bound West and North, and mine host of the Warren Hotel was put to his best management to provide quarters for them. It was done, however, to very good satisfaction. Breakfast was a long time in coming in the morning, but it came at last, and three of Frink & Co.'s stages were filled and piled, inside and outside, with passengers for Fond du Lac, several of them being ministers and delegates returning from the Episcopal Convention at Milwaukee. Where, in the Northwest, will you not find Frink & Co.'s stages? Mr. Davis, of our city, was in Sheboygan, as I understood, attending to the taking of the quadrennial account of stock of this company. He seems to be very well satisfied with the progress of Railroads in the West, as regards his business; the increased travel caused by them rendering it necessary to use all of the force that they can put on, and that with shorter routes.

Our team had been over the first route already once this morning, and was not in condition to make very *good time*, but I cannot help ascribing our slow progress over the plank road to another cause. The coach in and upon which eleven of us took passage was called and labelled "*Old Hunker.*" Of course no one could expect any great rate of progress in such a concern; but it seemed to suit very well the constitution of our Circuit Court Commissioner, D. E. CAMERON, who was one of us. We jogged along through the morning and a good part of the afternoon, for the greater part of the distance passing through an unattractive country, with occasional clearings and farms, showing an abundance of handsome rye, but not much good wheat, the country gradually improving as we went west till the fine meadows and openings began to appear, and we could see Lake Winnebago in the distance—and, at about 4 P. M. had reached the summit of the high ridge of limestone rock which so singularly surrounds the valley in which Fond du Lac is situated. To the right, lay Taycheedah down below on the flat, while off to the left Fond du Lac was stretched out at length, its white buildings presenting the appearance of a very large town, and the broad expanse of the lake was stretched out before us.

Passing through Taycheedah, which has lately suffered the loss by fire of its chief reliance, an extensive flouring mill, and now looks rather desolate, we pushed on to this place, where we found excellent quarters in what is, without exception, one of the best Hotels in the State, *to wit*, the Lewis House. And I may as well say here that travellers may be assured of finding ample accommodations of all kinds at this house, besides having the satisfaction of seeing daily files of the *Sentinel*, and a number of the best eastern papers.

Having yet some time before tea, I looked in upon Mr. Buck, of the *Herald*, finding him locked in his sanctum, hard at work with the pen, scissors and paste. After supper, I was indebted to him for a long ride all about the city—"village" no longer. It is now three years since my last visit here, and the change seems the work of magic. The town has spread its streets, and plank walks, and neat buildings, over the prairie in every possible direction. A long line of well stocked stores occupy the principal streets. Two banks, three printing offices, a host of Mechanic's shops in various parts of the city, all give evidence of thrift. A steamer leaves daily for the North, and arrives at evening, while the passenger and freight car, and platform cars of the much talked of R. R. V. U. R. R., move daily, to and from Waupun. The "movement" I cannot vouch for, but I saw the cars, two loaded with lumber, and several with saw logs. *That* is a fact!

One part of the city plat is beautifully shaded with a tall growth of trees, and along one of the streets leading through it, many snug residences have been built in the shade of the fine old trees. I was told that Fond du Lac claims to have now some 4500 inhabitants, and should think the estimate not far from correct.

It puts me out of humor to think that our Air-Line Railroad to this place should, by *any hocus-pocus*, have been delayed for a moment. But for some reason or other, which I could never understand—(I suppose there *must* have been some reason)—this very important route lies now neglected for a time, until the Consolidated Company shall be wise and able enough to occupy it with the iron track and iron steeds, when the road ought to have been finished to this place by the 1st January 1855. *Certainly Milwaukee*, by its loan of $200,000, and a handsome individual subscription, did well towards the enterprise.—When will all parties have the wisdom to unite together and push along a work which will be of such benefit to all? To be sure, we expect to get a railroad connection with Fond du Lac by the time mentioned, but there is nothing like straight lines in these days.

I steer northwards in the morning.

AN OPINION OF THE DEMOCRATIC PARTY.—The *Anzeiger des Westens*, the leading German paper in Missouri, which has strenuously opposed the Nebraska Iniquity, expresses the following opinion of the Doughfaces and Demagogues of the bogus Democratic party, thro' whose instrumentality it was forced thro' Congress:

"We openly confess we do not know who the National Democratic party of America is, where it can be found and by whom it is represented, and still less how we can be suspected of making war against a mythological being."

"Are the Nebraska Terriers of Douglas, the National Democratic party? Well, we have branded this disgraceful Nebraska swindle and framers and defenders as they deserve, and will continue to do so. Is Mr. Pierce and his Cabinet the Democratic party? They are the accomplices of the Nebraska Terriers and are still worse than they."

SCOW SUNK.—The scow belonging to Mr. MARTIN BITCH, of Horicon, which plies on Horicon Lake, for the purpose of bringing Stone and Lumber from the upper to the lower end, sunk at her moorings on Monday morning. The crew, fortunately, had gone ashore the evening previous.

SOUTHERN WISCONSIN RAILROAD.—Read the ordinance in this morning's paper, relative to the proposed loan of $300,000 to the M. & M. R. R., towards building the Southern Wisconsin road, and don't forget, on the 6th of July next, to go and vote for it.

☞ The Boston correspondent of the N. Y. *Evening Post* is responsible for the following;

By the way, about the best joke of the season, thus far, has been the blunder of the President in telegraphing to the Mayor of Boston in order to summon the State militia, to suppress the insurrection. It is stated that upon the receipt of this news Mayor Smith informed Charles G. Greene, editor of the Boston *Post*, of its purport, and that the latter gentleman transmitted to the President, by the earliest mail, a copy of the United States Constitution, with the passage marked, by which he is empowered to make requisitions for military assistance solely upon the Governors of the States.

Freemen's Mass Convention.

On the 13th day of July, 1787, Congress passed the Ordinance guaranteeing to the vast Territory of the Northwest perpetual freedom from Slavery and involuntary servitude; and as the Congress of 1854, have in effect, abrogated that venerable Charter of Freedom, it is fitting that the people who are enjoying the fruits of its beneficent provisions, should take counsel of each other as to whether they will tamely yield to this subversion of their rights without an earnest, united, indignant remonstrance against the unnatural perfidy of the act. Impressed with a conviction of the necessity of such a course, Ohio, Michigan and Wisconsin have called on the *real* Freemen of their respective states to meet en masse, without regard to party distinctions, on the Anniversary of the passage of the immortal ordinance of 1787, and express, in one united voice, their determined hostility to all encroachments of the Slave Power, under whatever guise it may appear.

The call for the convention in our own state will be found at the head of our Editorial columns. Let every honest hearted freeman present himself at Madison on the day designated, the 13th of July, and there proclaim his eternal enmity to all violations of our nation's plighted faith to gratify the rapacity of the huge maw of Slavery.—*Evergreen City Times*.

The Hagerstown Bank Charter.

A story was current in this State, a month or two since, that among other business which had occupied our Constitution-breaking Governor, during his recent pilgrimage to Washington, was the attempted purchase of a Hagerstown Bank Charter, with a view to circulate its notes in this State.—A few days since the Madison *Democrat* took special pains to contradict this story, and in its zeal to discredit it, roundly declared that Governor BARSTOW "did not even know the geography of the place (Hagerstown, Maryland) where the charter was said to have been purchased." We can radily credit this "official" certificate as to the extent of his Excellency's geographical knowledge, and can well believe too that he did'nt buy up any Bank—an operation usually requiring either money, or credit.

The *Democrat*, however, not content with denying the story, thought fit to swear it upon Col. WALKER of this city, whom it charged in very gross terms with originating the fabrication. The *Wisconsin*, which sustains "Barstow and the Balance," copied the charge with the following *addendum*:

We can scarcely credit that Col. WALKER would be guilty of so despicable a trick. *Our columns are open to Col. Walker, to publish any denial of this charge.*

Taking the *Wisconsin* at its word, Col. WALKER sent a communication to the editor, indignantly denying the *Democrat's* false charge. But instead of publishing this communication, as distinctly promised, the *Wisconsin* selects a single paragraph, trims that to suit its own ideas of the matter, and coolly *suppresses the rest*. We think that after *inviting* Col. WALKER to publish his denial in its columns, the *Wisconsin* was bound by every consideration of fair dealing, to insert the communication just as the Colonel sent it.

We copy from the *News* of yesterday morning Col. WALKER's own story on the subject:

MILWAUKEE, June 19th, 1854.

D. SHAW, ESQ.—*Dear Sir*—The *Wisconsin* a few days since republished the slanders of the editor of the Madison *Argus and Democrat*, foolishly charging me with circulating the report that Gov. Barstow was negotiating for the purchase of the charter of the Bank of Hagerstown, Md., but offered me the use of its columns to defend myself from the charge. I availed myself of the offer, but Mr. Cramer unfairly suppressed the principal portion of my note, and in an editorial comment gave it a false construction. I herewith enclose the note, hoping you will do me the justice to publish it entire.

Very respectfully, yours, &c.,
GEO. H. WALKER.

DEAR SIR—I noticed a day or two since in your paper a republication from the Madison *Argus and Democrat*, charging me with falsely originating the report in this State that Gov. Barstow had purchased, or was about to purchase the charter of the Bank of Hagerstown, in Maryland. You have also stated that your columns were open to me to deny the charge. I should have thought it unnecessary to do so, had you noticed the denial of the *Morning News*, (the paper in this State,) that I was the informant, or connected with it in any manner whatever. I therefore avail myself of your offer, and here repeat that I did not originate the report alluded to in such characteristic, indecent terms by the Madison libeller; that I was in no manner connected with its circulation or publication in Wisconsin, or elsewhere, and did not know of its appearance in any print until I saw it in the *Morning News*—notwithstanding I heard it currently reported in Washington that Gov. Barstow had been engaged in negotiations for the purchase of the Hagerstown Bank.

And the individual was pointed out to me who was seeking to become the President, or in some way connected with said Bank.

Very respectfully,
GEO. H. WALKER.

P. S. The *Wisconsin* of last evening partially repairs the injustice done to Col. WALKER, by publishing his communication in full, but with a preface that takes away all the credit of the reparation.

Destructive Fire at Lapeer—$30,000 Damages.

Our citizens were startled this morning from their usually quiet slumbers, by the alarm of fire, which was discovered to proceed from the valuable steam Flouring and Saw Mills, owned by Hon. A. N. Hart, of this place.

The citizens were promptly on the ground to exert themselves, as best they could, to save what property that lay within their reach, and succeeded in saving some five or six hundred flour barrels, it being impossible, from the want of an efficient fire company and engine, to save the building from the devouring element.

The loss caused by the destruction of this property, which cannot be estimated at less than $30,000, will be seriously felt by Mr. Hart, as, we understand, there was no insurance upon it.

It was undoubtedly the work of an incendiary, from the fact it has been lying still since last fall. The flouring mill has just been put in repair, and was to commence running next week.—*Lapeer Democrat, extra, 15th.*

ST. CROIX AND LAKE SUPERIOR RAILROAD.—Mr. Robert Patten, the Engineer employed by the company chartered for the construction of the above road last winter, who has been engaged in surveying a route from Hudson, St. Croix county, to Fond du Lac Superior, since the 20th of May, having completed the preliminary survey of forty miles of line, speaks, we are informed, in the most favorable terms of the fitness of the country for railroad purposes. The whole route will extend about one hundred and twenty-five miles; and the first twenty miles from Hudson, even supposed by the citizens of that place to present very formidable difficulties in the way of constructing a railroad, Mr. Patten has found it necessary in a distance of thirteen miles, comprising as difficult a portion of the route as any, to make only one curve, and no grade of more than twenty feet to the mile. He says that "were an Engineer, unacquainted with the country, to examine the profile of the line run, he would suppose it to pass over an extensive marsh," and adds—"not a single foot of pile bridging will be necessary, and we have not passed over a single acre of land but what is well and most of it highly adapted to cultivation."—*Madison Democrat.*

EMIGRATION WESTWARDS.—The Crawford County *Courier* of Thursday last says:

The emigration to the northern portion of Iowa, this year exceeds any thing in the way of inland emigration we ever saw, or heard of, except, perhaps, the first stampede across the plains to California. The instances we have mentioned are only indices to what is passing on every road leading into upper Iowa, to say nothing of the multitudes brought up by the boats. Minnesota also comes in for her full share of emigration, this Summer, especially the western part. Our State must be content, this year, with such of the new comers as are desirous of finding good locations within reach of markets, schools, &c.; and not anxious above every other consideration to get as far *west* as possible.

All this immense tide of travel, and the incalculable trade which must grow out of this wholesale westward movement, is lost to the Milwaukee and Mississippi Railroad while its completion to the Mississippi is delayed.

THE RESPONSE.—The press is responding gloriously to the call for a Convention of Freemen without distinction of party at this place, on the 13th of next July. The prospect is that it will be the largest convention ever gathered together in Wisconsin. The issue presented to the people is: Would you rather the bogus democracy of Pierce and Douglass should live and you die slaves, or that it should die and you live freemen?

We suggest that conventions be held in the various towns and counties of the State on the Fourth of July next, to ensure an ample delegation to this Mass State Convention. No more appropriate day can be selected. Let every man who can consistently come, be here on the 13th.—*Madison Journal.*

AN ACT to extend the time of the payment of interest on School and University Lands, and on School and University Funds.

The people of the State of Wisconsin represented in Senate and Assembly do enact as follows:

§ 1. That the time now required by law, by which the interest on school and university lands and school and university funds shall be paid, is hereby extended to the fifth of March of each year.

§2. This act shall take effect from and after its passage.

Approved. WM. A. BARSTOW.

SUPREME COURT.—The Summer Term of the Supreme Court commenced at Madison yesterday. We understand that the argument in the Habeas Corpus Case, is set down for Monday next.

DONATION.—Mr. F. S. LOVELL, President of the Kenosha Fire Department, acknowledges the receipt of a donation of $25 from the Milwaukee Mutual Insurance Company, by their agent, Mr. J. L. V. YATES.

WISCONSIN PATRIOT.—The Western mail last evening brought us the first number of the *Wisconsin Patriot*, the new democratic paper published at Madison. We shall have something to say about it in our next.

THE NEBRASKA PLOT.

Everybody knows that when Douglas made his report, and introduced his bill in January last, both the report and the bill respected the Missouri compromise line—the bill leaving it untouched, and the report expressly declaring it was not to be touched. After that report and that bill were both made and printed, the plot was hatched to destroy the Missouri line and the Little Giant was made to stand up in the Senate full, "five feet and a chew of tobacco," with a big lie in his mouth and say that the clerk had made a mistake in copying the bill, and had left out the main part. This *fib* was contradicted by the report, which showed that the Missouri compromise was to be respected and to remain untouched. The nullifiers made a tool of Douglas—made him stand up and lie upon a clerk, and begin the game for the next Presidency by killing off all who were in the way. It was perfectly well known that Buchanan placed his whole chance for the Presidency on the Missouri compromise line, and its prolongation to the Pacific. He could not give it up without dishonor, and confessing he had no principle; he could not agree to it without the same consequence and the same confession.—Therefore it would kill off Buchanan either way. Then came Benton. He was known to be a man of principle of pride and of honor—and that he had stood upon the Missouri compromise for thirty years, and would die upon it. He, also, was to be killed off. This was a second object to be gained by the plot. The third was to enable the nullifiers to govern the next Presidential election by resuscitating the slavery question, and making it the sole test in the election, and also in the State elections. This was the object of the plot—to kill off Buchanan,—to kill off Benton, and to elect a nullifier President.—*Missouri Democrat*

The Proposed Amendment of the Kansas Nebraska Bill.

A Bill to explain and define the meaning of certain provisions of the act, entitled "an act to organize the Territories of Nebraska and Kansas," and to repeal a part thereof.

"*Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled*, That qualifications for holding office or exercising the right of suffrage in said Territories, shall be the same at each subsequent as at the first election, unless altered by the legislative power of the territory; and so much of the said act as restricts the right of voting and holding office in said territory, to those who have made a declaration of intention to become citizens of the U. S. shall not be construed to mean the declaration and the oath after five years' residence, prescribed in the naturalization acts; it shall be construed to mean a declaration and oath, made in any court of record, when the party pleases, and at any time before giving the vote or accepting the office; and so much of the said act as further restricts the rights of suffrage and of holding office to those who will take an oath to admit slavery in the territory, by taking an oath to support the provisions of the said act, shall be, and the same is hereby repealed.

"SEC. 2. *And be it further enacted*, That the sixth section of the Indian Intercourse Law, approved June 30, 1834, shall not be held to be applicable to any of the territory included in the territories of Kansas and Nebraska, and which shall be open to white settlements."

Correspondence of the New York Times.

ST. PAUL, Minnesota, June 8th.

Of course the War Eagle is ahead of all the other boats, and, of course, Mr. Millard Fillmore, ex-President of the United States, has been making speeches at every available halting place up the river, with allusions to his administration and the Fugitive Slave Law. At a place, called Mount Vernon, where were four log cabins and a pile of wood, Rev. Mr. Kennedy, a passenger on board the Galena, showed his appreciation of the morale of the ex-President's trip. "Gentlemen," he said, addressing one man, who stood upon the pile of wood. "I trust you will believe me, when I tell you, that I came here as a private individual, without reference to the distinguished post which I occupied in the Government of my country, and that I did not expect to be called upon to address you. I intend, gentlemen, to remove all the snags from the Mississippi, to construct railroads from city to city, from town to town, from village to village, throughout the Union, and to insure to every man the greatest reward for the least labor. Gentlemen, this is a proud moment. Whatever my enemies may say of me, I can lay my hand upon my heart, and declare, with a proud consciousness, that I have done my duty. Gentlemen, as a private citizen, I bid you farewell." The speech was received with shouts of laughter and thunders of applause, which the ex-President, if he had been present, might have considered ironical or otherwise.

Correspondence of the Philadelphia Pennsylvanian.

WASHINGTON, June 14th, '54.

Rumor has it that the Hon. Jacob Brown, of Mississippi, is to receive the Havana consulship. This is one of the most lucrative offices in the gift of the President.

The gallant Colonel Bissell, I am afraid, will never be able to resume his seat in the House again. He is still confined to his bed. Although his lower extremities are completely paralysed, his spirits and general health are good.

Consistency in the "Glorious Old Dominion."

As long ago as during the reign of that loveable specimen of monarchic rulers, Charles II, Sir William Berkeley, in writing home from the then colony of Virginia, uttered the following fervent aspirations:

"I thank God there are no free schools or printing; and I hope we shall not have them these hundred years; for learning has brought heresy and disobedience and sects into the world, and printing has divulged them and libels against the best Governments. God keep us from both."

In 1854, the authorities of the State of Virginia imprisoned a woman for teaching negro children to read, and one of the leading journals in the State—for printing has been introduced there—advises the inhabitants "rather to allow their sons to grow up in utter ignorance of the alphabet, than send them to Northern schools," and recommends them to "refuse to subscribe to any journal published in a free State." As a fruit of this consistency in chivalrously resisting the spread of information among the people, we find, that out of a free white population of about 895,000, there are in Virginia 77,000 adults who can neither read nor write; while New York, with a white population of about 3,000,000, has only 91,293 inhabitants, and these chiefly foreigners, in the blissful condition invoked by Sir William Berkeley, and preferred by the Richmond editor. How forcibly, in view of all these facts, are we struck by the boast of the same Richmond editor, that "Virginia stands like a noble patrician, contemptuously regardless of the plebeian and mendacious Yankees!" We have not the words by us, but the theme we give correctly. Glorious old patrician Virginia, slip-shod and miserable, destitute of instruction, and exulting in her destitution, the opprobium of the confederacy, ignorance at her firesides and squalor in her marts; she enacts, ever, a ghastly masque, which would be amusing, were it not so pitiful, and chanting her chorus of aristocracy, and pride, and chivalry, meanly eats of others' store, and scoffs at the givers.—*Buffalo "Democracy."*

A NUT FOR THE ABOLITIONISTS.—The steamship Pampero, on her last trip from San Juan, brought up twelve or fifteen slaves, who, together with their master, were on their return from California to Georgia. These slaves were taken out to California by their master in the spring of 1850, and as soon as practicable after their arrival in San Francisco, started for the gold mines, where they have ever since labored faithfully, the proceeds of their labor rendering their owner wealthy. When they returned to San Francisco, the owner addressed them, and informed them that they were free, and offered to rig them out in fine style, and give each of them a sufficient sum of money to enable him to start fair in the world for himself. Without a single exception they refused. They had all been looking forward with great glee to a return to the "old plantation" and the "old folks at home," and so back they all came, and by this time, perhaps, they are astonishing the young darkies who have never left home, with the wondrous instances which befel them in the land of gold, and gratifying them with a sight of the monkeys, paroquets, &c., which they picked up on the Isthmus of Nicaragua. The above facts are gathered from gentlemen who came through with the slaves and their owner, and who were perfectly cognizant of the matters stated; and we recommend this simple and truthful narrative to the consideration of the dupes of the Garrisons, Greeleys, Beechers and Stowes of the North. As for the deceivers themselves, they have no wish to hear the truth. It would destroy their business, falsehoods being their stock in trade.—*N. O. Picayune.*

Why can't we have a compromise on this basis? Certain slaves, who might have secured their freedom, chose to return to bondage rather than desert their wives, children, and all they had ever known or loved. Certain other slaves, on the contrary, choose to give up every thing else for Freedom. Now we are perfectly willing to agree and establish that every slave who may now or hereafter be found in the Free States shall go back into Slavery if his master can coax him back, if the South will agree that those who can't be coaxed back shall not be forced back by means of Albertis, bloodhounds, revolvers, marshals, slave commissioners, and other such revolting machinery. Is not that fair? Shall it, O *Pic!* be a bargain?—*N. Y. Tribune.*

ILLINOIS CANAL REPAIRED.—The Chicago papers of yesterday morning report the break in the Illinois canal repaired and that boats were expected to pass to-day.

City Matters.

POLICE COURT, JUNE 20th.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

Jacob Fuller was brought down from jail this morning and after an examination was discharged. The real owner of the horse was present and stated that he loaned the horse to Fuller.

A warrant was issued against John D. Pierce for assault and battery.

☞ TRAVELLERS bound to New York will find in our advertising columns the notice of a direct and expeditious route, by way of the Michigan Central and Great Western Railways, Niagara Falls, Canandaigua and Elmira, and the New York and Erie road.

WEST POINT HOTEL.—For a pleasant sojourn in the Summer season the West Point Hotel, kept by Capt. Roe, offers unrivalied attractions. See notice in our advertising columns.

FOR BUFFALO.—The splendid steamer *Lady Elgin*, Capt. Chamberlain, will leave for Buffalo, calling at all the intermediate ports, this evening at 8 o'clock. The Elgin has superior accommodations for passengers and has obliging and efficient officers. For passage apply to Hard and Griffin opposite the Milwaukee House.

Clean the Streets and Alleys!

The Common Council at their last session, went to the extent of the charter and of the statute, to pass resolutions for effecting the cleaning and promoting the health of the city. Stringent as those resolutions may be, they will be of little avail unless thoroughly enforced. The cleanliness of the city now rests with the owners and occupants of lots. We learn that these regulations of the Board of Health will be rigidly enforced—that is, *if the streets are not cleaned by Friday morning next*, the owners and occupants will be prosecuted, and, if convicted, fined. It is to the interest of the owners and occupants to comply with the requirements of the Board of Health; the work can be done by some without expense to themselves, and in all cases at less cost than if done at the order of the Council.

STRAWBERRIES.—This delicious fruit, the wild, as well as the cultivated varieties, may now be found, in abundance, in our Market. We are again indebted to our friend, A. O. BABCOCK, of East Troy, Walworth County, for a very acceptable mess, of the Hudson and New Pine varieties. We have seen no strawberries in Wisconsin, superior in size, or equal in flavor, to Mr. BABCOCK's *New Pines.*

CRICKET MATCH.—We understand that a match is talked off between the Milwaukee and Lisbon Cricket Clubs, to come off in this city on the 4th day of July. The Milwaukee Club meets for practice, at the old ground on Spring St. Hill *this* (Wednesday) afternoon, at 2 o'clock. A full attendance of members and amateurs is especially requested.

Commercial Insurance Company.

We have copied, within a week or two, several very complimentary notices of this Company, from papers in the interior of the State, founded upon the prompt, straightforward and honorable manner in which the *Commercial* conducts its business. Our near neighbors, Messrs. LUDINGTON & GRIDLEY, mentioned to us yesterday another instance of the same sort. They were losers, by the burning of the Propeller *Kent* on Lake Erie, of goods to the value of $3000. These were insured in the Commercial, and upon a duly authenticated statement of the facts being submitted to the officers of the Company, the amount was fully and promptly paid. It is by such dealings that an Insurance Company deserves and secures the confidence and patronage of the business public.

MILWAUKEE DIRECTORY.—Col. VAN SLYCK has completed his Directory. It is well got up, neatly printed. (at STARR's Book and Job office.) and does credit to the industry and fidelity of the compiler. It contains 450 pages and a neat little map of the city, and is afforded to subscribers at the low price of $1,25 per copy, with the map, or $1,00 without it. The Directory ought to meet with a ready sale, and as the edition is limited, we have no doubt that the Colonel will easily find purchasers for all the copies. Should the demand warrant, he will print a second edition, and if sufficient encouragement offers, will issue the work annually.

THE "CAMPBELL" MINSTRELS.—These popular Vocalists will give a Musical entertainment in our city on Monday evening next. They will be warmly greeted here.

MAPS OF THE SEAT OF WAR.—Handsome and accurate maps of the European Battle-fields may be obtained at Mr. Chapman's Book Store, East Water st.

☞ The steamers *Arctic* and *Pacific* arrived from Chicago yesterday afternoon with a large number of passengers, and sixty tons of freight.

☞ The steamer *Lady Elgin*, which arrived here from Buffalo Monday evening, brought some fine brood mares for parties in this State, and a quantity of Railway chairs for the M. & W. R. R. Company.

RAIL ROAD IRON.—The brig *Empire State*, arrived Monday, brought 400 tons of Rail Road iron for the Milwaukee and Watertown Rail Road Company.

COUNTY COURT.—The County Court was in session for a short time yesterday forenoon, and adjourned to July 1st.

THE DAMAGE TO THE BRIDGE.—The damage done to Walker's Point bridge, was estimated by Mr. Rugee at $140. This was paid by the Captain of the *Arcturus* together with $5,00 officers fees, &c.

REAL ESTATE SALES.—CALEB WALL, Real Estate Broker, sold yesterday, lot 1, block 39, 3rd Ward, for $1500; lots 7 & 8, block 6, in the 5th Ward, for $1300; North 40 ft of lot 9, block 97, First Ward, for $4000; and five acres on the Mukwonago road, a quarter of a mile from city limits for $4000.

☞ The steamer *Pacific* left last evening for Chicago with upwards of 150 passengers.

A FAILURE.—The Lafayette (Ia.,) *Journal* gives an account of a Nebraska meeting in that town, on Monday night, at which Senator Petitt spoke two hours. His speech was interrupted with hisses, and other marks of disapprobation. The resolutions endorsing the cheat and berating the clergy, were voted down by a large majority. Mr. Mace, Anti-Nebraska Democratic Rrepresentative from Indiana, was cheered to the echo.

A FLOATING ANCHOR has been invented by Capt. A. F. Lewis, now residing at Turtle, Wisconsin. It is composed of planks, readily and firmly bolted together, in the form of a square-sail, say eight by ten feet, and let down over the bow of a drifting vessel to a depth sufficient to shield it from the action of the surface currents; when it (as it is certified by sea-captains who have seen it tried) will bring the vessel's head to the wind in any sea, and reduce her drift from four miles per hour to one. We should think this a good idea; but the opinion of nautical men will doubtless be taken with regard to it.—*N. Y. Tribune.*

BENTON'S THIRTY YEARS IN GERMAN.—We understand that Mr. Boerstein, publisher of the *Anzeiger des Westens*, of this city, has undertaken the translation of Col. Benton's work entitled "Thirty Years in the U. S. Senate," and designs its publication complete in the German language. Mr. B., we understand, is getting along rapidly; the first form of the book in German being put to press on Saturday. He designs publishing 2,000 copies for the first edition.—*St. Louis Intel.*

WHAT CROWDS!—Twelve hundred passengers arrived in the four trains of the Michigan Central Railroad, and eight hundred emigrants—making *two thousand passengers* by a single line. The same number of emigrants arrived by the same road last Saturday evening. Is it any wonder that the West grows.—*Chicago Press.*

COMMERCIAL.

THE MARKETS.

OFFICE OF THE DAILY SENTINEL, }
MILWAUKEE, June 21, 1854. }

Receipts of produce fair yesterday, and prices of wheat rather better, tho' buyers are reluctant to operate largely. We note sales of 2000 bus mixed wheat, free on board, at 1,40, and of 3000 do, in store at Buffalo, at 1,50. At the depot and from teams, good club and mixed sold yesterday at 1,32a1,35, and winter 1,40a1,42.

OATS are in good demand at 32a32½.

FREIGHTS—The schooner *Fred Hill* goes to Sheboygan to load with wheat for Buffalo at 13c. The *Portland* loads here with oats at 10c, and pork at $1,00 for Ogdensburg. The *Empire State* loads with oats for Buffalo at 7c—the *Argo* with wheat for Oswego at 17c. Shippers do not offer over 10a11c on wheat to Buffalo.

The Chicago *Tribune* of yesterday reports the following contracts there:

Miranda takes wheat to Buffalo at 10c; schr. Wing and Wing has half a cargo of wheat chartered to Buffalo at 11c; schr Robert Emmet, chartered for the season at 8c for corn; prop Pocahontas takes 1600 bbls flour to Grand Haven at 60c and is chartered here to take balance of load in oats from Kenosha to Buffalo at 7c; barque Merimack is chartered to take oats from Kenosha to Oswego at 10c; and the prop Bucephalus partly loaded to-day with 1500 bbls of flour at 50c ₩ bbl to Buffalo.

Buffalo Market, June 19th.

Flour—There is no new feature to notice in our market for flour this morning—the enquiry continues fair, for small lots for the retail trade. Saturday's quotations 8,50a8,75 for fair to choice brands Ohio and Michigan.

Grain—Wheat market dull, and holders are firm. The supply of white offering not large—sales 10,000 bu Chicago spring at 1 50. Corn—but little offering on the spot—there is an active demand for sound lots and holders are firmer—the sales of the morning aggregate about 4,000 bu, mostly to arrive at 66c—included were 900 bu at 64c.—Oats in good request—sales 1000 bu at 44c, and 9000 on private terms.

Whiskey—But little offering—held at 25 —no sales.

New York Money and Stock Market.

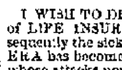

New York, June 16.

In the stock market, business generally continues dull, and prices tend in favor of buyers. But little was done to-day in Western Railway shares. For Galena and Chicago 120 was offered, and 124 asked, indicating a wide difference between the view of buyers and sellers. Illinois Central bond declined to 75¾a75¾. Cleveland and Columbus R R brought 116½; Michigan Central 98½a99; Indiana Northern 119.

On call, money is easy, at 7 per cent, but for time paper, the market is stringent, at 10a12 for 60 days date; 4 mo's date, and Railway paper are not negotiable to any extent, and quotations are nominal.

Sterling Exchange is quiet, at 9¼a9¾.

PREPARE FOR CHOLERA!

I WISH TO DIRECT ATTENTION TO THE SUBJECT OF LIFE INSURANCE. The warm weather, and consequently the sickly season is coming upon us. The CHOLERA has become a settled disease of the country, from whose attacks none are exempt. This, then, is a fitting period to look over our Ledger, strike a balance sheet, and see how we are situated.

BUSINESS MAN, are you *Sure* that if a stranger were to close up your affairs without your direction, sufficient means would be left to educate your children, and place your wife and others dependent upon you beyond the immediate reach of want?

PROFESSIONAL MAN, have *you* made investments in Real Estate, Secured stocks or otherwise for the benefit of those helpless, yet dear ones, who *may suddenly* be left without your protection?

CONDUCTORS, ENGINEERS, MECHANICS, SAILORS and all others who lead hazardous lives, have *you* ever thought how your wives and little ones—yes, and perhaps the old father or mother—were to be cared for, in case *your* "train should get off the track," or *your* vessel be wrecked? You may say you leave them in the hands of God; "*He that provides not for his family is worse than an infidel.*" You have no lease of your lives. In your haste to make a fortune, *stop* a moment and *secure something to depend upon in case of accident.*

You can form no idea, until you have tried it, what a responsibility it will relieve you from—how much better you will feel. The expense of Life Insurance is much less than many are aware of. *A trifle* saved by curtailing a few needless expenses will be ample.

The Hartford Life Insurance Company,

It is believed has superior claims upon the public for patronage. Its responsibility being beyond question, and its rates as low as prudence will dictate. It pays its losses with promptness, and in an honorable manner, showing no disposition to litigate.

The principles of Life Insurance will be explained and Policies negotiated, at the Wisconsin General Insurance Office, in Furlong's Block, East Water Street.

FIRE AND MARINE RISKS,

also negotiated for some of the most responsible Eastern Companies. J. S. BOISE,
je20d2t1tw General Agent.

PORTAGE CITY
LOTS FOR SALE!

THE undersigned, being joint owners of about seven hundred of the best lots in Portage, both for business purposes and for residences, are prepared to sell to actual settlers on the most favorable terms. These lots are in the south-east quarter of Section six, Town 12, Range 9, and comprise the whole of that tract except about forty lots, which have been sold. The land is high and dry, and is about twenty rods from the Wisconsin River, which runs parallel with the south line of the tract. The so called "Veeder Tract" lies next to it. The depot of the La Crosse Rail Road will probably be located on our tract, and we expect that the principal part of the business of the city will be done upon it at no distant day. It is as near the present centre of business as the First Ward of Milwaukee is to the United States Hotel, and it is a higher and handsomer piece of land, and better adapted for city purposes than the first ward of Milwaukee.

The title is CLEAR AND UNQUESTIONABLE. It came directly from the United States to Mr. Dunn, one of the undersigned, and was never complicated by any connexion with the State Authorities, the Improvement Fund, or any thing of the kind.

We offer these lots, to those who will improve them, at very low rates, (about $100, apiece on an average), for the purpose of building up the town, and we bring them to the notice of the public in this way, in order to correct an impression that seems to have got abroad, that the Veeder controversy has tied up all the available property in Portage. The Veeder trouble affects only the South-west quarter of Section 5, which is a smaller tract of land, and lies a little further from the river than ours. Let any body look on the map and he will see at once that the Veeder tract is but a small part of the city, and not at all essential to it. Blot it out of existence entirely and it would not prevent or materially delay the full and rapid developement of all the great natural advantages of this important point. Let settlers come in freely. Now is the best time, just before the Rail Road gets here. They shall have as handsome lots with clearer titles, and at cheaper rates, than can be found in any other town of this size in the state.

Portage, June 14, 1854. ANDREW DUNN,

Mexican Mustang Liniment.
This invaluable remedy, in praise of which so much has been said and written, wherever it has been introduced, we are pleased to see it now obtainable in our city. The curative properties ascribed to this article are such as we can readily believe come within the power of some remedial agents to effect. It is recommended for quick, almost electrical effect in allaying pain and assuaging inflammation giving tone to the nerves and invigoration to the muscles when excited or impaired, and in fact for all those forms o the "Ills to which flesh is heir," that may be reached b external applications.
The reader is referred to the advertisement in the paper for certified statements of its effects on those who, unfortunate in their afflictions, were favored in their possession of so valuable a remedy.
We learn that a gentleman in this city will add his testimony in a case of sprain; this will confer a benefit on many who may be induced to avail themselves of its benefits, only by its having the prestige of a new name. See advertisement in another column.

Certain Cure for Scorbutic Eruptions, Cutaneous Diseases, Bad Legs, Ulcers and Old Sores.—It is an undisputed fact that Holloway's Ointment is the only one which is in its effect infallible. Cases that the most eminent medical practitioners have despaired of relieving, immediately yield to its curative powers, and when used in accordance with the printed directions which accompany each pot with Holloway's Pills, the two combined thoroughly eradicate the most pestilential diseases, and leave the sufferer without a blemish.

Who Doubts This!
WE are now prepared to state authentically from proof which we have, that Dr. A. L. Adams' Liver Balsam is the most scientific compound before the public, and is doing the most good. It promises to cure a number of Diseases, and fulfills the same. Will not those who have never tested this fact take the time and examine the authentic proof which appears in this paper. If so we will guarantee that they will become patrons of this said Liver Balsam. "Will you do it."

PATENT MEDICINES.

Mexican Mustang Liniment.
DURHAMVILLE, N. Y., December 13, 1851.
Messrs. BRAGG & Co.:—
GENTS:—Although a stranger to you, I am not to your most valuable medicine called Mexican Mustang Liniment. One year ago, I became afflicted with an enlargement of my knee joint; also a weakness which disabled me almost from using my limbs at all. I called on a physician in Syracuse—(the name could be given)—he examined it and told me to bathe it with warm water, and rub it two or three times a day, and it might go off without much trouble; if not, to call again. Some weeks passed, and it grew no better. I then called on another doctor at Oneida Depot; he told me nothing would help it but blistering and lancing. I could not consent to this, and called on Drs. C. & T.; they gave me a mixture of indigo, calomel, &c. I tried this and it did no good. I then used five or six dollars worth of a liniment that had been recommended to me. All of those medicines I have been using for the last ten months, thorough, and according to directions, without the least possible good resulting from it. I then obtained some of your Mexican Mustang Liniment; the first bottle, a 25 cent size, I perceived straightened my joint. I am now using my fourth bottle, and my knee is nearly well. Yours, in haste,
HIRAM FIELD.

HUNTSVILLE, N. C., November 28, 1853.
Messrs. A. G. BRAGG & Co.: GENTLEMEN—Having been afflicted with the rheumatic pains for the last four years, and happening to meet with your advertisement in the papers, I came to the determination to give it a trial, as I had tried nearly every popular remedy without effect. I am now happy to say to you, that the Mexican Mustang Liniment has entirely cured me. I applied three fifty-cent bottles on my limbs, and am now as free from pain as I ever was in my life. My case was so strange to the people in this section, my friends are perfectly astonished at the effects of the Liniment. You are at liberty to make this public if you desire to do so.
With much respect, SAMUEL A. DAVIS.

Lumbago, Salt Rheum, Tetter, Eruptions, Ringworms and Piles, are cured in a very short time by applying the Mustang Liniment according to directions given with the bottles.
BROKEN and CAKED BREASTS, SORE NIPPLES, PILES, ERUPTIONS, and CORNS on the feet, are easily cured by a thorough application of the Mustang Liniment for those complaints.
☞ The following is but a small synopsis of what the Mustang Liniment will cure:
One bottle, 50 cent size, is warranted to cure the Scald Head.
One to two 50 cent bottles will cure the Salt Rheum.
One 25 cent bottle will cure the Caked Breast.
One small bottle is a certain cure for Sore Nipples.
One to three dollar bottles is warranted to cure the worst case of Rheumatism in any form, and one 50 cent bottle will cure any case of recent standing.
One to two small bottles will cure the Neuralgia.
One bottle, 50 cent size, will cure the severest Burn or Scald.
One dollar bottle will cure the Spinal Disease.
One small bottle will cure the Piles in any stage of the disease.
One to two 50 cent bottles will cure the Scrofula, in any case.
One small bottle will cure Chapped Hands.
Two to four bottles, 50 cent size, used in connection with the recipe for "Old Sores," accompanying each bottle, is warranted to cure the severest cases of Old Sores, commonly called Fever Sores on the legs or shins, that have resisted all other treatment.
One dollar bottle will cure the Ring Bone, Splint or Scratches in horses.
One dollar bottle will affect a permanent cure of the Spavin, Sweeny or Poll Evil.
One 50 cent to a dollar bottle will cure all cases of Galls, Chafes, Fresh Cuts and Lameness.
A beneficial effect is always experienced from the first application and a perfect cure is warranted when used according to directions.

CURE OF SALT RHEUM OF TEN YEARS STANDING.
A lady residing near Lynn, Osage Co., Mo., had the Salt Rheum on her head during the last 10 years, causing pain and torment. Six weeks ago it assumed a very dangerous character, spreading all over her head and face in the most frightful manner, so much so that her life was despaired of. She tried every remedy her doctor could prescribe but all to no effect. One of her neighbors recommended the Mustang Liniment as the last resort. Accordingly a bottle was procured and used as directed; the result was an immediate relief, and an entire cure in four weeks after commencing the use of the Liniment. Here are her own words to us a few days since:
"I never expected to see so many pleasant and happy days as I have since I used your renowned Mustang Liniment. If the prayers of an afflicted woman can benefit you, then I freely bestow mine. I used about four bottles of your Liniment and am now as well as I could wish for."

PRICES.
It is put up in bottles of three sizes, and retail at 25 cents 50 cents and $1 per bottle. The fifty cents and one dollar contain 60 and 100 per cent more Liniment in proportion to their cost, so that money is saved by buying the larger sizes.
For sale by A. G. BRAGG & CO., sole Proprietors—Principal office, corner of Third and Market streets, St. Louis and 304 Broadway, N. Y.
☞ THE MUSTANG LINIMENT is sold at all of the Drug Stores in Milwaukee, and by storekeepers and druggists generally all over the State of Wisconsin. Principal Wholesale Agents in Milwaukee—Lake & Hopkins, Seth Johnson, Jr., Bosworth & Son, H. Foss, Jr, and A. F. Clark
☞ Remember the 50 cent and $1 bottles are much the cheapest. ☞ Ask for A. G. BRAGG & CO'S. MEXICAN MUSTANG LINIMENT. ap22

Caution!
To Those Who Use Spirituous Liquors Either as a Beverage or Medicine!
WOLFE'S Schiedam Aromatic Schnapps.
THE ABOVE NAMED PREPARATION has become extensively known throughout the length and breadth of the United States and is universally admitted to be the most delightful, healthful, invigorating, and pure preparation of the juniper berry, that science and a long practice in the distillation and preparation of pure liquors have ever succeeded in producing.
A long-established manufacturer and importer of liquors of every description, the undersigned devoted himself to the production of an article of pure gin, which should prove a valuable agent in the cure of the manifold diseases which afflict the human race, and for which Holland gin has long been prescribed by the medical faculty for years. At length his efforts were crowned with success, at his extensive distillery in Schiedam, Holland, from which place the purest gin has long been imported, and he was enabled to give to the world his Schnapps, which, for purity and entire freedom from the pernicious fusel oil and all other noxious ingredients, and delightful aromatic flavor, has never been equalled, and cannot be excelled.
In order to protect himself from pecuniary loss at the hands of cheats, impostors, and pirates, who would unquestionably attempt to palm off a vile and spurious article upon the unsuspecting community, and, like the wolf in sheep's clothing, prey upon their very vitals, he resorted to the expedient of importing and selling his Schnapps only in pint and quart bottles.
These bottles are of glass, stamped with the name of the manufacturer, are corked and sealed, and have printed labels bearing the signature of Udolpho Wolfe upon them. They are enclosed in colored wrappers, also bearing his signature, in which form alone they can be obtained in cases, containing two dozen bottles each.
Notwithstanding all these guards, unprincipled parties have been found guilty of the unwarrantable and criminal practice of buying up empty bottles, filling them with vile common gin, which is the most pernicious poison with which a community was ever cursed, and sends thousands to a wretched drunkard's grave yearly.
It is only necessary, therefore, for those who purchase the article by retail, or drink it at public places, to mark well the appearance of the bottles from which they drink. Caution is necessary.
The Schnapps have been introduced but about two years but in that brief time their virtues have been acknowledged to an almost incredible extent, until it is a matter of some difficulty to keep up a supply adequate to the demand, so fast are orders pouring in from every State and Territory in the Union, from Maine to Oregon and California.
Determined that the virtues of the Schnapps should be thoroughly substantiated by the most undeniable and unquestionable testimonials, circulars were dispatched to every regular member of the medical faculty, and professional chemist whose name could be obtained, soliciting their acceptance of a bottle of the Schnapps, with a view of enabling them to test its medicinal qualities in their practice, and submit it to the strictest chemical analysis in that laboratories.
Of the ten thousand physicians and chemists in the United States about four thousand accepted the offer. Upwards of two thousand have promptly furnished their written endorsement that the article is all that is claimed for it, and in the strongest language recommended its general use, not only as a remedial agent, but a delightful, harmless, and pleasant beverage. These voluntary endorsements are from gentlemen of unquestionable knowledge and the most perfect science.
Nor alone have practitioners and chemists furnished their testimonials. The public press, in almost every principal city and town, has spoken boldly in its favor in its editorial columns.
The New York Medical Gazette and Journal of Health, high authority, has repeatedly proclaimed its excellency. In the July number of that journal, Dr. Reese, its accomplished editor, has publicly invited a discussion upon the subject of the use of alcoholic mixtures, medicinally, in his widely circulating columns, and the views of the medical faculty in reference to my Schnapps in particular, giving an assurance that they should be spread before the public. Physicians, therefore, who have not already complied with my request to forward me their opinion as to its qualities, will oblige me by doing so through the editor of the Medical Gazette.
Were it necessary to do more than simply state this fact which he who runs may read, this advertisement could be increased to an indefinite length by the publication of these authorities, all on file at the ware-rooms of the proprietor, in New York.
It is not only as a remedial agent that the Schnapps are to be recommended, but as a gentle and perfectly harmless stimulus, which cannot by otherwise but healthful and invigorating, and may be indulged in with impunity by those of temperate habits, without the slightest fear of the baneful, mournful, and horrible consequences of intoxication—that vice which desolates the social hearth, entails misery upon countless thousands, fills our hospitals, almshouses, and prisons, and even furnishes the gallows with its deadly fruit.
In countries where pure wines and liquors can be had readily, and for a mere trifle, they are freely used by all classes, and drunkenness is hardly known—that vice to which the couplet of the immortal poet so aptly applies:
"A monster of such hideous mien,
That to be hated, needs but to be seen"
Were Wolfe's Schiedam Aromatic Schnapps to be drank in preference to all other distilled or fermented liquors, our temperance societies would have less arduous labor to perform, and Horace Greely, Gough, Barnum, and the other learned, eloquent, and devoted friends of total abstinence, would rarely be called on to ascend the rostrum, and cause thousands to listen with "an attent ear" to the great and startling truths they relate with such fervid and impassioned eloquence. There need be no Maine law to suppress intoxication.
As long as men and women will persist in drinking drugged, adulterated, poisoned liquors, with which the country is flooded, drunkenness and all its concomitant evils must exist. We may well exclaim with Cassio—
"Oh, that a man will put an enemy into his mouth
To steal away his brains."
In many districts of this country, particularly in the region of the great western and southern rivers, the character of their waters is such as to produce great disorganization of the system, and frequently chronic disorders of an incurable character, the enumeration and specification of which would be a matter of supererogation to all those who reside in the districts specified. When qualified with the Schnapps, the bane is neutralized or destroyed. The fact has become known at the South and West, and the Schnapps are used to the extent of thousands of bottles daily. Their great recommendation is their undeniable and well established purity, which can be proved by chemical analyzation of the contents of any and every bottle bearing the above enumerated evidences of genuineness. The proprietor solicits the most rigid tests, and defies any person or persons to prove to the contrary, or to produce an equally pure extract of the juniper berry or Holland gin.
The public are again reminded that Wolfe's Aromatic Schiedam Schnapps can only be procured in pint and quart bottles, stamped, labelled and corked, and in colored wrappers, with the signature of the proprietor affixed; and that the word Schnapps belongs exclusively to my medicinal beverage. All others are counterfeit.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO.

ALBANY, Dec. 19, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

This is to certify that on the 25th of September last we purchased of H. D. Rice, Esq., one of Mr. J. McB. NOTICE.

On Wednesday, Oct. 14th, I shall have the Pedigree and Terms for the season of the Comet Morgan Horse (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the first season, to enter their names. Season to commence the second day of April, and end the 31st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the *original* Black Hawk was sired by the Old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; that was one reason for my bringing Comet Morgan West. His pedigree is fully authenticated.

We have had one of Kidder's Patent Gas Regulators in use for over two months, and as the best evidence of our complete satisfaction, we give below an abstract of our Gas Bills for the past three months.

All the above difference should not be attributed to the use of the Regulator, but we are confident that *it has diminished our Gas Bills from twenty-five to thirty-three per cent.* and at the same time afforded us a clear and steady light at a uniform pressure, independent of the number of burners in use. PATENT MEDICINES.

AYER'S

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures affected by its use, but we would present the following:—and refer further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C. Aug. 4, 1853.

J. C. AYER. Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever; his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your CHERRY PECTORAL in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a tea-spoonfull every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R. R.

Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

DR. J. C. AYER,—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK.

P. S. Almost any number of certificates can be sent to you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. AYER, Sir: This may certify that I have used your Cherry Pectoral for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
D. A. McCULLEN, Attorney at Law.

Wilksbarre, Pa., Sept. 28, 1850.

DR. J. C. AYER. My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation.—I invariably recommend it for pulmonary affections, as do many of our principal physicians.

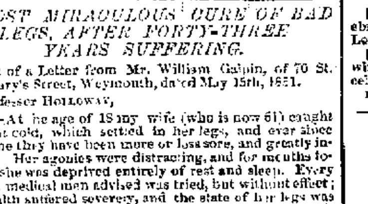

I am your friend,
CHAS. STREATER, M. D.

HERE IS YOUR REMEDY!

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER FORTY-THREE YEARS SUFFERING.

Extract of a Letter from Mr. William Galpin, of 70 St. Mary's Street, Weymouth, dated May 15th, 1851.

To Professor HOLLOWAY,

SIR,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy medical men advised was tried, but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and strange to relate, is now in good health. Her legs are painless, without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow-creature.

(Signed) WILLIAM GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS STANDING.

Copy of a Letter from Mr. William Abbs, Builder of Gas Ovens, of Rushcliffe, near Huddersfield, dated May 31st, 1851.

To Professor HOLLOWAY,

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works; accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact.

(Signed) WILLIAM ABBS.

The truth of this statement can be verified by Mr. W. P. England, Chemist, 13 Market Street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Pennhurst, Kent, dated December 13th, 1850.

To Professor HOLLOWAY,

DEAR SIR,—My wife had suffered from Bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends. (Signed) FREDERICK TURNER.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Chiego-foot	Fistulas	Sore-throat
Bad Breasts	Chilblains	Gout	Skin-diseases
Burns	Chapped hands	Glandular swellings	Scurvy
Bunions	Corns (Soft)		Sore heads
Bite of Moschetoes and Sand Flies	Cancers	Lumbago	Tumours
	Contracted and Stiff joints	Piles	Ulcers
		Rheumatism	Wounds
Coco-bay	Elephantiasis	Scalds	Yaws
		Sore nipples

MEDICATED INHALATION.

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continue to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10. feb2 1yd&w

PROFESSOR WOOD'S

ORIENTAL SANATIVE LINIMENT.

THIS LINIMENT is not the mere creature of some old recipe, gotten up without knowledge or skill, and then presented to the world as a *sovereign balm for every wound*, and a cordial for every ill to which poor humanity is subject, but it is the result of long and faithful study, and is only submitted after testing its wonderful medicinal virtues in thousands of cases where every other accessible remedy had failed, and hence the proprietor can say with all confidence, that no intelligent person who once sees its effects will ever be without it. It will be observed by all that this Liniment, so pregnant with medicinal virtues, is a concentration of oils and other vegetable substances; and hence when applied will not evaporate even in the smallest degree, and must penetrate to the seat of the disease, if that be possible, being perfect nonsense to claim (as most humbugs do) that it will penetrate throughout universal organized matter and enter the very bones.—But, instead of this, he will proceed to lay before the reader a plain, candid statement of facts.

1st. This Liniment is a valuable auxiliary in the treatment of some of the most formidable diseases with which it is our lot to contend; for instance, Inflammation of the lungs and bowels. By a thorough and continued application of this Liniment over the region of the affected organ these otherwise formidable diseases are at once disarmed of more than half their terrors, particularly among children, and thousands of mothers, were they allowed to speak would, with all the eloquence of feeling and affection, bear their united testimony to the fact that it had snatched their children from the very jaws of death, and restored them to all their former health and beauty. Again—it will be found a powerful auxiliary in removing what is generally known as Ague Cake, or an enlargement of the spleen; indeed, in all cases where an external application is of service, this Liniment will be found useful. Again—Ringworm, Tetter, Neuralgia, swelled and stiff joints, Contracted cords, Bruises, Sprains, Galls, Wounds, Cuts, &c., have all been cured in an incredibly short space of time, by the use of the ORIENTAL SANATIVE LINIMENT. It also cures Scrofula, King's Evil, Foul Ulcers, and is applicable wherever an external remedy is required to reach the affected part. And for horses and cattle, for Windgalls, Ringbones, Sweeney, Spavins, Pole Evil, Fistulas, Sprains, Galls, Bruises, Cuts, &c., the proprietor is satisfied that no remedy was ever offered to the world equal to it.

ST. LOUIS, March 25, 1854.

This is to certify that we have, for some months past, used Prof. Wood's "Oriental Sanative Liniment," both upon our men and horses, and we have no hesitation in saying, that, although we have used many, if not all, of the popular liniments of the day, this is decidedly the best we have ever used, and it will more than realize their most sanguine expectations of its wonderful effects. The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS, CARLYLE, June 27th, 1853.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so. SIDNEY BREESE, Ex-Senator United States.

VINCENNES, Ind., June 15, 1852.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.

ST. LOUIS, June 29, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair. H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 20, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.

St. Louis, September 24, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had [illegible] twenty years ago.

I commenced using the Resto[illegible] weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the color [illegible] hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally believing that if used according to directions they will not be disappointed. Yours, very respectfully,

N. R. HOLMAN.

BRIMFIELD, June 10, 1853.

Prof Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it assumed, precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an application of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. W. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Salle county, Illinois:

OTTAWA, Ill., August 21, 1853.

Prof O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.

Very respectfully yours, R. THORN.

QUEEN'S PATENT PORTABLE FORGE AND BELLOWS.

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and many other purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the Steamers and also by the U. S. Army and Navy.
